

Joanna Co
Executive Assistant

Sincerely,

Please feel free to get in touch if you have questions about our experience with SpyCentre.

I highly recommend SpyCentre Security for your safety and security needs.

major issues that SpyCentre has not addressed.

To date, we've been using the system they installed for more than half a year and have not had any

support for their product and service does not end after the sale.

I am delighted to write this letter of recommendation for SpyCentre Security. From the first contact up until the final installation and training, our experience with SpyCentre has been very good. SpyCentre listened to our needs and matched it with products and services that would meet our requirements as well as our budget. SpyCentre has also been very professional in all transactions. I also noted that the support for their product and service does not end after the sale.
